

Grown on small plots of land on Fresno County's east side, the Truway tradition of superior quality tomatoes lives on. Nearly 100, small family growers continue to grow one of the most consistent packs in the industry. Each year from June through October, we work with our growers to deliver you the quality and consistency you have come to expect from us.

Cherry & Grape Tomatoes

Truly, family farming. For decades, our Truway cherry and grape tomatoes have been grown by the backbone of America. Small scale, family farmers go to work each and everyday tending to their crops, families and communities. Many of our growers have jobs that take them off the farm but their passion for growing persists within them. Truway cherry and grape tomatoes are more than quality; they are the families who grow them, the fields which we tend to and the communities in which we live and work.
