

CALWAY

Italian Sweet Red Onions

It all starts with the seeds. Choosing the right varieties for a given area isn't as easy as picking one off the shelf. Beginning early September, we sow these seeds to grow a transplant, or onion set. After two months, the sets are pulled by hand and then hand planted into the fields where they will spend the next 5-6 months growing to perfection.

Quality in every box

- Smooth, maroon-red exterior
- Very firm, dense texture
- Necks & roots hand trimmed, properly dried down in the field
- Hand sorted and packed in the field to reduce handling
- Mix of both traditional open pollinated and new hybrid varieties for extended shipping window
- Grown, picked & packed under strict quality and food safety standards.

Consistency that counts

- 40# Carton, RPC
- 25# Sack
- Consistent size & shape
- 100% PTI Compliant
- Bilingual PLU labels
- PLU #3281
